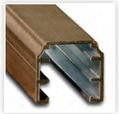
Superior Product Design for Ultra-Strength

High-strength Ultrum™ Alloy, Made in the USA
It's as strong as steel, but will never rust. Ultrum is a 6005-T5 alloy, with a minimum ultimate strength of 35,000 psi.



Ultrarail™ – 20% more aluminum in all our rails, with a full 8 ribs inside
Maintains Ultra-Strength even when punched for pickets.

Our pinched spear tops show more detail than most competitors
We put more dimension into our version; the more pronounced ribs add structural integrity as well as architectural appeal.

Factory assembled, with stainless-steel fasteners
For structural integrity and strength you can count on.

All gates are fastened and 100% welded at all connections and joints
Designed to stand up to the rigors of everyday use.

Powercoat™ Finish—panels, gates, posts and designer accessories
Powercoat is twice the thickness and hardness of a typical baked enamel finish. Meets AAMA 2604-5 standards for the ultimate in durability and UV protection.

Even the way we pack and ship your fencing is more than anyone expects, or any competitor will attempt.

Fencing sections are factory assembled and placed in a corrugated shipping box, interleaved with foam padding between sections and nylon strapped together, so there's no shifting and no rubbing. Your fence arrives fully assembled and ready to be professionally installed.

Over-the-top architectural details can really make a difference

Multiple grades of pickets and posts for every performance level
⅝" Square Pickets, ¾" Square Pickets, and exclusive Ultra Fluted ¾" x 1" Pickets

Finials, butterflies, scrolls and circles take your fencing to a new level
Combine these heavy-duty cast accessories for truly distinct designs

Nine colors are standard at Ultra; same price, same delivery time
Custom colors are even available with a modest up-charge

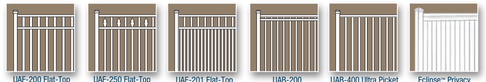
Designer Accessories

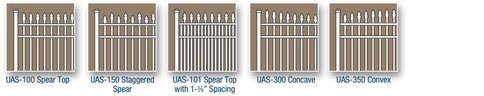
Ultra's cast aluminum designer accessories include scrolls, butterflies, circles and two styles of finials, all available in the same Powercoat™ finish for a perfect accent.

From Left To Right: Decorative Circles, Butterfly Scrolls, Large Scrolls, Quad-Finial, Tri-Finial, Ball Cap

Design Options

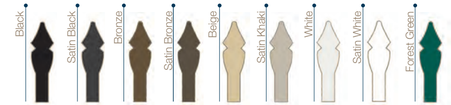
Ultra Fencing is available in a wide selection of design configurations. Residential available in 3-13/16" or 1-5/8" spacing. Commercial available in 3-5/8" or 1-1/2" spacing.





Colors

Ultra Fencing, Railing, Gates and Designer Accessories are available in nine classic colors as well as custom specified hues. All colors are applied with a special Powercoat™ finish to resist harsh weather and heat.



Colors shown represent an approximate comparison and may vary slightly from actual product color.

We're Made In The USA

Ultra is proud to only use American-made components in all its products. Ultra Fence™ is designed, produced and assembled in the U.S.A. Always look for the 'Made In the U.S.A.' label when deciding which fence products to use.

Ultra Aluminum Lifetime Warranty

Ultra Aluminum fence and railing products are guaranteed for life against defects in workmanship and/or materials.The Powercoat™ finish on all fencing and railing by Ultra Aluminum is guaranteed for life against cracking, peeling or chipping. **Visit our website for more information and a copy of the warranty.**

Environmentally Responsible

Ultra is proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our Powercoat™ coating process is environmentally friendly and virtually pollution-free.

ULTRA FENCING•RAILING

We push everything to the edge.

Residential and Commercial Series

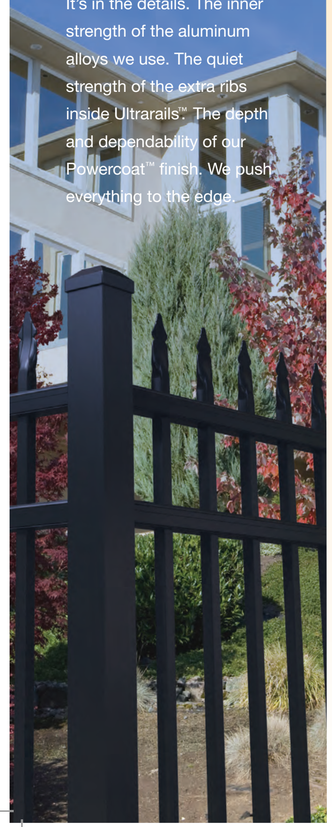
NADRA North American Deck and Railing Association

POWDER COATED TOUGH™

AFA MEMBER American Fence Association, Inc

How to tell you're getting genuine Ultra Fence™ or Rail.

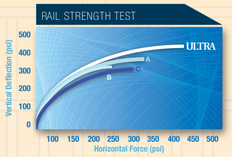
It's in the details. The inner strength of the aluminum alloys we use. The quiet strength of the extra ribs inside Ultrarails™. The depth and dependability of our Powercoat™ finish. We push everything to the edge.



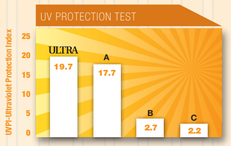
Residential and Commercial Fencing

Discover that all brands of ornamental fencing are not the same. Let's explore some architectural options for Ultra Residential and Commercial Fencing.

Ultra makes a scale of fencing for every neighborhood and home style. All fence sections come factory pre-assembled in 6' lengths with a broad offering of heights—4', 4-1/2', 5', and 6'. Custom lengths and heights are available by special order. Each section easily follows modest changes in grade along your property lines, or can be factory designed to conform to more prominent hills and valleys.

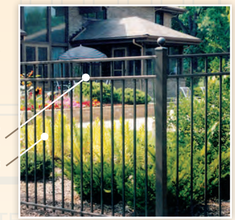


An independent test lab pushed our fencing and our competitors' to their limits. The Rail Strength Test revealed the extra pressure that Ultrarail™ can withstand on a daily basis, surpassing one competitor's product by nearly 100%.



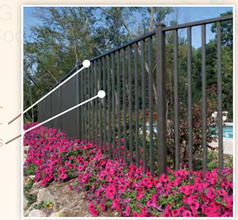
An independent lab's accelerated weathering test shows that Ultra's Powercoat™ finish maintains higher levels of UV Protection compared to other leading manufacturers' finishes.

RESIDENTIAL SERIES sets the standard for perimeter and pool fencing.

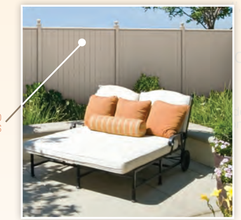


COMMERCIAL SERIES has larger-scale components for heavier-duty performance.

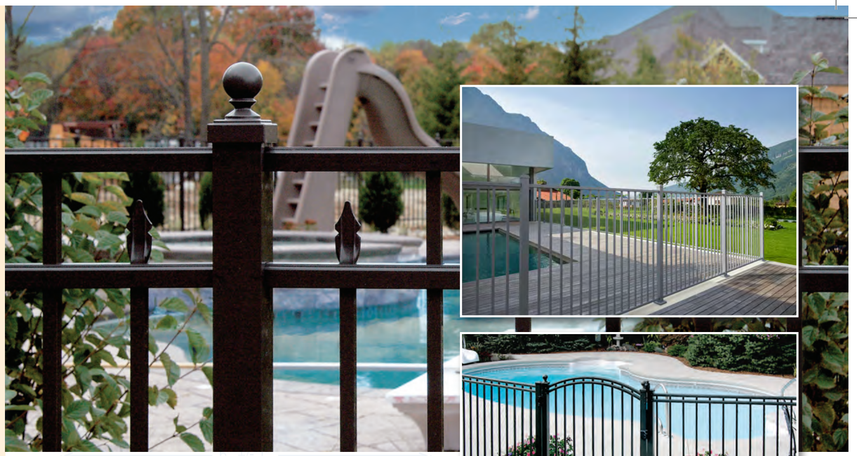
LIGHT COMMERCIAL provides strength and value with a unique, bold picket design.



ECLIPSE PRIVACY the ultimate in heavy-duty, low-maintenance privacy and security.



Residential and Commercial Series also available in Premium grade, featuring a 2-piece fully encased rail that provides additional strength and hides the fasteners.



ULTRA IS SPECIALLY DESIGNED FOR SAFETY AROUND POOL ENCLOSURES.

Pool Fencing

Ultra designs fencing to meet all the stringent BOCA pool safety codes, and to enhance your property at the same time. Most notably, the bottom rail can be flush with the bottom of the fence, so no pickets are exposed.

All pool fence sections come factory pre-assembled in 6' lengths with a broad offering of heights—4', 4-1/2', 5', and 6'. Custom lengths and heights available.

ESTATE GATE WITH ULTRA REVOLUTION™ GATE OPENER

Walk and Drive Gates

Matching Walk and Drive Gates can typically be manufactured in widths ranging from 3' – 28' and in heights from 3' – 8'. Please consult your sales representative for variations.

Larger drive gates and estate gates are also available by custom order.

Each pool gate is available with self-closing and self-latching hardware and specially designed keyed entry.

ARCHED WALK GATE

The Ultra Revolution™ automatic gate operating system is concealed within a rotating mounting post which serves as hinge and operator for the gate. The post then attaches to a fence, pillar, column or wall using a unique Ultra™ one-piece extrusion and hinges. Available by custom order.

STANDARD WALK GATE
